Albers EQ Senior

Albers EQ Senior is a complete pelleted feed with 14% protein. Specially formulated for senior, mature and “hard keepers”. Complete with all the necessary protein, energy, forage, vitamins and minerals. Contains highly digestible sources of fiber, such as ground beet pulp and rice bran. Also contains yeast to increase fiber digestibility. The high fat level is excellent for keeping weight on “hard keepers”. Extremely palatable with green apple flavoring.

Product Features

Product Benefits

Added beet pulp.

Highly digestible source of fiber needed by aged horses.

Added yeast culture.

Improved palatability and promotes increased phosphorous utilization and fiber digestion.

Added vitamins including Vitamin C and chelated minerals.

Aids in the maintenance of skeletal and muscular integrity and health.

Added vegetable oil.

6% total fat for increased caloric density to maintain or increase body condition in aged horses.

Albers horse feed is balanced for proper performance. You can trust our natural ingredients and balanced diets.

Albers supplies the feed, you supply the rest!
