

Lester Buckley Horsemanship Clinic

"For the Respect of the Horse"

**June 16th-17th
in Willits, CA
At the Berry Creek Ranch**

Lester Buckley is one of the most popular and highly regarded clinicians to participate in the Light Hands Horsemanship Clinics in Santa Ynez. He is skilled in both Classical Dressage and Western disciplines, as well as problem solving and ranch work. Blending the principles of Tom Dorrance and Ray Hunt with those of Classical Dressage, Lester works with each horse and rider to help them achieve straightness, balance, and forward movement, while also establishing a trusting partnership.
